

The **Christian Character Formation Project** is a Biblically based journey that equips and trains children and the adults around them to live Christ-centered, fulfilling lives for Greater Purpose.

When you choose the Christian Character Formation Project, your content is Christ-centered and the character formation process is motivated and guided by the Holy Spirit. Character grows not because someone insists it must; rather, growth is motivated and guided by the power of the Holy Spirit working within the Christian (Hebrews 13:20, 21).

OUR UNIQUE APPROACH

A fulfilling and virtuous life is expressed when one's **Identity, Purpose,** and **Actions** are completely aligned.

Identity is linked to our status as children of God who believe in God's promises (I John 3:1).

Purpose as Christians is to know God and to make God known through our serving leadership.

Actions are motivated by our Identity and Purpose. Virtues provide the framework for practicing the Christian life. Virtue is not an end in itself but rather a means to serve Greater Purpose.

THE SEVEN VIRTUES

JUSTICE
RESPECT
RESPONSIBILITY
INTEGRITY
SELF-SACRIFICE
DILIGENCE
COURAGE

THE 3-STEP PROCESS

This process unfolds within the greater context of Scripture and the advancement of God's plan for us here and in eternity.

Drawing from a vast library of Biblical narratives, our 3-step character formation process guides character growers through a discovery question technique.

Experience

Each vivid story invites character growers to stand in the shoes of the person in the story and reflect on his or her actions, as well as what their own actions might be in that situation.

Internalize

The process guides the character grower to make a special connection with the person in the story, internalizing the experience.

Activate

Finally, the process stimulates action, guided by the Holy Spirit and motivated by Greater Purpose.

If you are seeking a more intentional approach to Christian character growth for your educational setting, we provide the **tools** and the **community** to support your journey toward strong, internally motivated character.
